Do You Have A Layout: Yes: _____ No: _____ Scale _____

The Waupaca Area Model Railroad Club is a diverse and talented, engendering great comradeship, with a goal to promote and introduce Model Railroading to the general public. We welcome new members. Our primary activities include:

- Thursday weekly sessions...
 - These weekly sessions are at club member's layouts. Activities include model building, track laying, landscaping, benchwork, wiring, or train running. Each layout is unique and is an opportunity to learn and teach others
 - One Thursday per month a member hosts an operating session where members can operate on someone else's layout.
- About 4 to 6 times per year we travel to other club's shows to display our portable layout and help promote our hobby in their area. Many times this is a fundraiser for that club.
- We have two fundraisers annually...
 - Strawberry Fest Train Show the third weekend in June.
 - Iola Car Show, usually the second weekend in July.

Volunteering at our own Strawberry Fest Train Show, and the Iola Car Show, are our annual fundraisers. These two activities allow us to maintain a low dues structure, maintain our portable layout, pay for special activities, fund the scholarship program and Christmas Food Pantry and fund LARP (Lodging Assistance Rewards Program. This program helps defray the cost of lodging associates with displaying our layout at "away" shows). Other activities that support the well-being of the club include hosting/maintaining the club website, and the traveling school train layouts (Thomas and HO).

Our club is unique because members are willing to contribute their skills and assist others in learning and/or refining their skills. All members are welcome to take part in these activities.
